Indicate what you are planning to build, place, add-on to, etc. :

Attach drawings and any other information required for this project.

I understand and acknowledge that all electrical, sewer and water utilities constructed, installed or maintained within this Municipality must meet the requirements of all State and Federal Laws regarding their installation, construction or maintenance. A valid septic system permit from TECQ is required prior to a building permit being issued by the city for any new construction, manufactured home and /or tiny home.

*RV Parking Permit requires sewage disposal to be at an approved dump site for that purpose, or in an approved on-site sewage system. Dumping such on the property in any other manner is strictly prohibited as a health hazard by state laws and will result in immediate revocation of this permit and financial penalties allowed by law.

In filing this application, I understand that the City of Howardwick cannot act as my architect or legal representation, but represents the public in enforcing city codes designed to protect the public right to safety and well being associated with fire or health hazards, protection from environmental hazards, nuisance violations, unsafe building conditions, and violation of any city or state regulation, statute or ordinance. Reference International Building Code.

Applicant is aware that all structures are required to have correct 911 address posted.
